

PLASTIC ENCLOSURE

Plastic Enclosure - Stainless Steel Screws - TJ series - Grey Door & Clear Door

AIBOX non-metallic enclosures are corrosion proof and can use for many applications where non-metallic enclosures are required

Weight of non-metallic enclosures is 25% of the weight of steel enclosures and can use for similar applications where non-metallic enclosures are preferred. Non-metallic enclosures are having good insulation properties and light weight and give advantages over steel enclosures in some applications.

Plastic Enclosure - Stainless Steel Screws - TJ series - Grey Door & Clear Door comes with stainless steel screws and available in grey solid door or transparent door

Temperature range : -40°C to 120°C

ABS : Acrylonitrile Butadiene styrene

PC: Poly Carbonate
